

Christine & The Queens, People, I've been sad

it's true that people
I've been sad
it's true that people
I've been gone
it's true that people
I've been missing out
missing out for wat too long

it's that me
myself and I
been missing out
missing out for wat too long
been taking cause I should have missing out
forsaking thigs for way too long

if you disappear
then I am disappearing too
you know the feeling
you know the feeling
if you fall apart
I am falling behind you
you know the feeling
you know the feeling
