

Cigarettes After Sex , Falling In Love

when i hold you close to me
I could always see a house by the ocean
and last night I could hear the waves
as I heard you say:
"All that I want is to be yours"

falling in love
falling in love
deeper that I've felt in before whit you, baby
I falling in love whit all my heart

back when you were far AWAY
We would go on dates to watch the same movie
and you were imagining sitting next to me
and holding my hand for the whole thing

falling in love
falling in love
deeper that I've felt in before whit you, baby
I falling in love whit all my heart
