

# Clean Bandit, Baby (feat. Marina & Luis Fonsi)

Sé que te gusto a ti todavía  
Tres, dos, uno...

Standing here in an empty room  
I saw you there and my blood ran cold  
Take me back to that long September  
Don't know how I ever let you go  
I was young, didn't know 'bout love  
You were wild, couldn't get enough  
Gave my heart to another lover  
Don't know how I ever let you go

find me in another place and time  
if only /2x  
you were mine  
but I'm already someone else's baby

guess I had my last chance  
and now this is our last dance  
you fell through the cracks in my hands  
hard to say it's over  
but I'm already someone else's

baby ahhh /3x  
but I'm already someone else's baby

all caught up in the way we were  
I feel your hands getting close to mine  
don't say the words that I love to hear  
the beat goes on and I close my eyes  
I was young, didn't know about love  
you were wild, couldn't get enough  
let's leave things the way they were  
you'll stay with me like a lullaby

se que te gusto a ti todavía por mucho que digas  
además puedo ver en tus ojos que no solo quieres quedar como aigo  
tienes mi Corazón  
eres mi obsesión  
soy tuyo por siempre

guess I had my last chance  
and now this is our last dance  
you fell through the cracks in my hands  
hard to say it's over  
but I'm already someone else's

baby ahhh /3x  
but I'm already someone else's baby

wish I met you at another place and time  
if only, if only you were mine  
this love story ends for you and me  
because I am already someone else's

baby ahhh /3x  
but I'm already someone else's baby  
/2x
