

# Clean Bandit, Extraordinary (feat. Sharna Bass)

You can see there's something in the way  
I've tried to show you, my door is open  
I don't know how much more I can take  
Since you've chosen to leave me frozen

Am I the only one who sees what you've become?  
Will you drift away?  
We're running out of time, two wrongs can make it right  
Could I make you stay?  
People making choices they call vague  
Sacrifice it all and baby, say

Something extraordinary, something real  
To fill my days and nights with something that I can feel  
I'm not gonna compromise, surely you can simplify  
Say you feel the same

You've wandered down the path I can't explain  
Have you seen her? The grass is greener  
To let me pass you by would be a shame  
If she's your only, then why are you lonely?

'Cause I'm the only one who knows the things you've done  
I'm so good for you  
We're running out of time, two wrongs can make it right  
Could I make you do?

Something extraordinary, something real  
To fill my days and nights with something that I can feel  
I'm not gonna compromise, surely you can simplify  
Say you feel the same

Just don't say it will be alright  
You're not holding yourself in your arms tonight  
Don't say it will all be fine  
In only a moment you'll say goodbye

Something extraordinary, something real  
To fill my days and nights with something that I can feel

Something extraordinary, something real  
To fill my days and nights with something that I can feel

Just don't say it will be alright  
You're not holding yourself in your arms tonight  
Don't say it will all be fine  
In only a moment you'll say goodbye
