

# Clique Girlz, Incredible

[Destinee]

How can it be, we're with you now  
You've made our dreams come true.  
You've helped us put us here  
For that we are so sinciere  
By the love that we'll have, sent for you  
That moment we came on stage Some how we always knew,  
That we've been waiting for you.

[Chorus]

Tell me why, does it feel so incredible  
Where the light, shine on me, it's so beautiful  
We've been searching for all of our lives  
For the love that you are, flow by  
And you're all that we need, you're incredible  
You're incredible

[Paris]

Look at our fans, screaming that like,  
look what you've given us  
The life that is now complete  
For what this is such a treat  
Day and day out, singing for you  
The moment we came on stage  
and we'd only heard of love  
till' you showed us what it was

[Chorus]

Tell me why, does it feel so incredible  
Where the light, shine on me, it's so beautiful  
We've been searching for all of our lives  
For the love that you are, flow by  
And you're all that we need, you're incredible  
You're incredible

[Ariel]

Don't be scared to follow your dreams to come true.  
Listen to your heart and you'll get through

[Chorus]

Tell me why, does it feel so incredible  
Where the light, shine on me, it's so beautiful  
We've been searching for all of our lives  
For the love that you are, flow by  
And you're all that we need, you're incredible  
You're incredible
