

# CLOCK MACHINE, Sense of Space (z filmu Polot)

Baby, baby  
I love you  
I wanna spend my life with you  
Only  
Say you want me  
And where you wanna go  
You promised that you gonna stay in my place

Baby, baby  
I wannna undress you  
I wanna do dirty things with your body  
And by the way  
I know the magic ways  
To bring you back to life

Say it!  
Say that you want me  
And it just good enough  
Say that you like my style
