

Clödie, You Are The One

Bring it on
Make me feel
I'm at home
I clear my head
Not dancing on my own,
There's rhythm in the heat

Never run away
I finally found
what's best for me!
I feel it deep inside
Cause I come alive

Hold me close
Sdon't le me go
Never stop!
Kissing me alive
I need you by my side
No more scars
I feel completely free
Rising high
Underneath the sun
You are the one

Many years have gone by
Wasted time
What a crime!
I need yo look Ahead
This roasd is made for me

I bloom just lika rose
Done with all those painful lows
Won't wither anymore
I've been reborn

Hold me close
Sdon't le me go
Never stop!
Kissing me alive
I need you by my side
No more scars
I feel completely free
Rising high
Underneath the sun
You are the one
