

# Cochise, Shotgun

Do you wanna see  
Do you wanna breath  
Do you wanna feel  
Reload your shotgun

My mother said: Will be ok  
That girl is superstition  
My father said: Don't walk that way  
That girl is superkiller

But only when I lose myself I see the fire in the rain  
But only when I lose myself I see the fire in the rain  
She's so good  
She's so good

My father said: No compromise  
I go no break the habits  
My mother said: No misery  
I go no break the shelter

But only when I lose myself I see the fire in the rain  
But only when I lose myself I see the fire in the rain  
She's so sweet  
She's so sweet

Reload your shotgun

My only friends in me  
Just see you through  
Your shotgun breath

Shake your blood and skin  
Shake your blood and skin  
Shake your blood and skin  
Shake your blood and skin  
Shake, shake  
Reload your shotgun  
Yeah
