

Coco & Clair Clair, Pretty

[Verse 1: Coco]

Yeah, I'm sitting pretty, but I'll leave you scarred
'Bout to pop some bottles on the fuckin' boulevard (Okay)
I don't need your car (Pow, pow)
Yeah, my Uber's large (Uh-huh)
Lip gloss shining, you see it from afar (Pow, pow)
Just like Michael Jackson, I'm a smooth criminal
Just like Michael Jackson, I'm a moon-walking hoe
I'm hanging with the cutest crew
You know how I do
Clair Clair too
We be pulling through in the nicest silks
With the strongest drinks (Pow pow pow)
You know what I mean
It's the sweetest thing
Honestly just look at you, then look at me (Woo yeah)
I'm feelin' pretty, no matter the city, we packin' knives
And we out here ending lives (Ring ding ding)
(All day, baby)

[Chorus: Clair Clair]

If I die tonight, I'ma make it look pretty
Yeah I'm in your spot, yeah I'm in your city
Actin real rude, bad attitude
Actin real goofy, but if I cuss you out, I'ma make it look pretty
If I start a fight, I'ma make it look pretty
Yeah I'm in your spot, yeah I'm in your city
Actin' real rude, bad attitude, actin' real goofy
But if I get kicked out, I'ma make it look pretty

[Verse 2: Coco]

Get up out my face you look like a reptile (Bow)
Need Bindi Irwin in case it's about to get wild (Bow bow)
Don't follow me when you're looking like Vincent Gallo
Keep a taser in my purse, no that shit's not hollow
If I beat you up, I'ma make it look pretty, nails still intact and
Yeah I'm still witty
If we in this thing it's about to get litty (Bow)
You can have the spot light in a little bitty, okay okay
(Ring ding ding)

[Chorus: Clair Clair]

If I die tonight, I'ma make it look pretty
Yeah I'm in your spot, yeah I'm in your city
Actin' real rude, bad attitude
Actin' real goofy, but if I cuss you out, I'ma make it look pretty
If I start a fight I'ma make it look pretty
Yeah I'm in your spot, yeah I'm in your city
Actin' real rude, bad attitude, actin' real goofy
But if I get kicked out, I'ma make it look pretty

[Outro: Coco]

Make it pretty, make it pretty, make it pretty, make it pretty, make it Make it pretty, make it pretty, m
Make it pretty, make it pretty, make it pretty, make it pretty, make it Make it pretty, make it pretty, m
Make it pretty, make it pretty, make it pretty, make it pretty, make it
