

Coma, Furious Fate

Sitting in a coffee shop
Sipping a chocolate shake
What are you thinking about?
Where's your smile?

Hey, where do your demons come from?
Hey, where have your demons come from?
This time
This time

I bought a bunch of daisies
I've brought a box of sweets
Now you have to tell me
Everything

Hey, where do your demons come from?
Hey, where have your demons come from?
Tonight
Tonight
Tonight

Devil is walking around us
I see the devil is walking around us
I feel that he's watching, I feel that he's watching
I feel that he's watching

Now the devil is walking around us
I feel the devil is walking around us
I feel that he's watching, I feel that he's watching
I feel that he's watching
I feel that he's watching

How could I think I'd resist my furious fate?
My furious fate
How could I think I'd resist my furious fate?
My furious fate
How could I think I'd resist my furious fate?
My furious fate
How could I think I'd resist my furious fate?
My furious fate
How could I think I'd resist my furious fate?
My furious fate, my furious fate
How could I think I'd resist my furious fate?
My furious fate, my furious fate
How could I think I'd resist my furious fate?
My furious fate, my furious fate
How could I think I'd resist my furious fate this time?
