

Coma, Late

I?m coming, I?m coming into the rock club
I?m going, I?m going to be a rock star baby
I?m coming, I?m coming into the rock club
I hope I?m not too late here, I hope I?m not too late yet

I?m coming, I?m coming to play the geek as good as I can
I?m coming, I?m coming to play the geek in city treaties
I?m coming, I?m coming into the rock club
I hope I?m not too late here, I hope I?m not too late yet

New York City drift
Strong and light in here
Why do I feel adrift?
New York City drift
Boston by the greats
Flowing out from the street

Each our day?s today
What day was it yesterday?
I?m not too late here in my natural age
What day was it yesterday?

Can you carry the work?
Through the form of confusion
Driftin all on a city
Life is just an illusion

New York City drift
Strong and light in here
Why do I feel adrift?

Coming in, coming coming in, coming coming in
Coming coming in, coming coming in
I?m too late here
I?m too late here yea

I?m coming in, coming coming in, coming coming in
Coming coming in, coming coming in
I?m too late here
I?m too late here yea

I?m coming in, coming coming in, coming coming in
Coming coming in, coming coming in
I?m too late here
I?m too late here yea

It?s not too late at all
It?s not too late yea
It?s not too late
