

# Conan Gray, Astronomy

We drive through the woods  
Rich neighborhoods to watch  
We joke as we looked  
That they were too good for us

Cause socially speaking  
We were the same  
With runaway fathers  
And mothers who drank  
A tale old as time  
Young love don;t last for life  
And now i know  
Now i know  
It's time to go  
It's time to go

We've traveled the seas  
We've ridden the stars  
We've eseen everything from Saturn to mars  
As much as it seems  
Like you own my heart  
It's astronomy  
We;re two worlds apart  
It;s aastronomy  
We;re two worlds apart

From far away  
I wish i'd stayed wit hyou  
But here face to face  
A stranger that i once knew  
I thought if i wandered  
I'd fall back in love  
You said distance brings fondness  
But guess not with us

The only mistake that we dodn't make  
Was run  
Now look what we've done

We've traveled the seas  
We've ridden the stars  
We've eseen everything from Saturn to mars  
As much as it seems  
Like you own my heart  
It's astronomy  
We;re two worlds apart  
It;s aastronomy  
We;re two worlds apart

Stop tryna keep us alive  
You're pointing at stars in teh sky  
That already died  
Stop tryna keep us alive  
You can't force the stars to align  
When they've already died  
We're died

We've traveled the seas  
We've ridden the stars  
We've eseen everything from Saturn to mars  
As much as it seems  
Like you own my heart  
It's astronomy  
We;re two worlds apart
