

CUEBRICK, UNITY (HOLI GAUDY ANTHEM 2015)

I wanna see your hands up all from
You, you, and you
And I don't care if you black or white
I want you too!
Paint the world with your fantasy
So the smiles will be remedy
I wanna see your hands up all from
You, you, you

I wish that we could live where the place we
We make love
And not war!
Let's be just a colorful community
We are all the Unity!
We are all the Unity!

Everyone is just a ...
Or wind the whole
In the bigger painting where you play the role
With the humanity
We find it all in reality
Every one is just a ...
Or wind the whole

I wish that we could live where the place we
We make love
And not war!
Let's be just a colorful community
We are all the Unity!
We are all Unity!
