

Dan Auerbach, Shine On Me

You only got a couple miles to go
If you're trying to drive me insane
I saw you crack a smile about a week ago
In the middle of the pouring rain

I climb the cliffs of dover to go drive out in the Sun
I'm like a four leaf clover cause I hide from every one

Shine on me /4x

When I get up I gotta get me a plan
To do whatever I can I suppose
I'm already working for my uncle Sam
You know he's got me counting Cheerios

Shine on me /4x

Gotta keep me ray-Bans on so my eyes won't burn
If I can shed no light upon my number one concern

Shine on me /12x
