

Dance Dance Revolution, Dynamite Rave

1, 2, 3, 4
Dynamite Rave!

Come on everybody!
(go, go, go, go, go, go, go, go)
And get on the floor, yeah

Techno, rave
It's time to make a stand
N pave the way
Some might say
Let it go,
Stay with the flow
Stay on bead,
Move your feet
On concrete
Or on the dance floor
You want more
Then I'll give you more
If it's too hard core
Let me know
I stop the show
Then bring it back
To be exact
At 12 o'clock
Rock the spot
It's too damn hot
They told me so
To make a move
DYNAMITE RAVE
It's on the down low
Use your inner glow
To make a move
Show n prove
The man with the lisp
Sounds so crisp
When you can see me on TV
On the radio
Here me blow

I don't wanna give up
We're gonna have a party
Have a really great time
Yeah Yeah!
Just feel the beat
Listen to the music
and feel that beat

C'mon, get up
C'mon, c'mon
Let me hear ya
Let me hear ya

C'mon, get up
C'mon, c'mon
Let me hear ya
Let me hear ya

Jump jump
Do your thing
This be the bomb
Try to sing
Narrator king
Spread your wings

Make your head ring to this song
All night long
Jack your body
To this party
Feel the pain
When you strain
Don't refrain
Please don't stop until you drop

I don't wanna give up
We're gonna have a party
Have a really great time
Yeah Yeah!
Just feel the beat
Listen to the music
and feel that beat
