

# Daria Zawiałow, Flower Night

Eyes

Detected on my walls  
I think they're coming now

Fight

It's only in my head  
Infected copy brain

Summertime

Summertime  
Summertime feeling

Love me till the night  
Before the stars tear us upart  
Love me till the night  
Before they come and take me away  
Love me till the night  
Before the moon tears us apart  
Love me till the night  
Love me till last cry  
Before the tears dry up and go away

Slice

Of rainy summer night  
It's just a xouple drops  
Fight  
It's onmy in my head  
I want this to the end

Flower night

Love me till the night  
Before the stars tear us upart  
Love me till the night  
Before they come and take me away
