## Dave Gahan, Soulsavers, Metal Heart

Losing the stars without a sky Losing the reasons why You're losing the calling that you've been faking Yeah I'm not kidding

It's damned if you don't
And it's damned if you do
Be true!
'Cause they'll lock you up in a sad, sad zoo
Oh, hidy-hidy-hiding,
Whatcha trying to prove?
Hidy-hide
You're not worth a thing!

Sew your fortunes on a string Blue smoke will take a very violent flight You will be changed and everything And you will be in a very sad, sad zoo
