

David Bowie, Valentine's Day

Valentine told me who's to go
Feelings he's treasured most of all
The teachers and the football star
It's in his tiny face
It's in his scrawny hand
Valentine told him so
He's got something to say,
It's Valentine's Day
The rhythm of the crowd,
Teddy and Judy down

Valentine sees it all
He's got something to say,
It's Valentine's Day

Valentine told me how he'd feels
If all the world were under his heel
Or stumbling through the mall
It's in his tiny face
It's in his scrawny hand
Valentine knows it all
He's got something to say,
It's Valentine's Day

Valentine /4x

It's in his scrawny hand
It's in his icy heart
It's happening today
It's in his scrawny hands
It's in his icy heart
It's happening today
