

Death Angel, Immortal Behated

A story old as time
At one with the pain
Locked in chains
You tried to break my mind
Take my soul
Rape my name
I won't move
I won't fade
I'm gonna make you pay
Taking what you want
Taking what you need
I'm gonna end this game

[Chorus]
I warned you
I'll stay true
Keep on fighting for the rest of my life
Erase me?
Deface me?
My true legacy will stay

[Verse 2]
And here we go again
From out of the blue
The nerve on you
You act as if we're friends
Never close
Never true
All those stunts
All those moods
All, and what did it prove?
Tell me why I should
Tell you why I won't
Give in? No, I refuse

[Chorus]
I warned you
I'll stay true
Keep on fighting for the rest of my time
Erase me?
Disgrace me?
My true legacy will stay

[Chorus]
I warned you
I'll stay true
Keep on fighting for the rest of my life
I warned you
I'd stay true
Keep on fighting for the rest of my time
Deface me?
Disgrace me?
My immortal behated
