

# Decadent Fun Club, Serendipity

Broken down I see your face  
I'm done with fighting for my space  
Feeling dizzy I'm not afraid  
It was hard to lose a scent of you

I've lost you when  
Inside of me  
How dare you  
I've lost of you when  
Inside of me  
How dare you

Faking smile we leave bad days  
Hard to see it through the haze  
I don't even wanna wait  
There's nothing left for me to do

I've lost you when  
Inside of me  
How dare you  
I've lost of you when  
Inside of me  
How dare you

Waken up in stranger place  
Where's the exit form this maze  
Feeling cheesy  
It's too late  
I don't; care what has been fake or true

I've lost you when  
Inside of me  
How dare you  
I've lost of you when  
Inside of me  
How dare you
