

Demi Lovato & Sam Fischer, What Other People

Thought when i grew up
I would be the same as the ones who gave me
Last name
I would not give in
I would not partake
In the same old drugs everyone else takes

I am better than that /2x
I am living my life so i go to heaven and never come back
But look where i am, look where i am
I am living my life i said i wouldn't, i wanna go back

I used to call my mom every Sunday
So she knew her love wasn't far away
But now i am all fucked up out in LA
Cause i care more about what other people say
I used to not take chances with God's name
But it's been so long since i last prayed
But now i am all fucked up and my heart's change
Cause i care more about what other people say
Cause i care more about what other people say

i wish i could shelter the girl i knew
from the constant hell i put her through
cause i am all grown up
and i am black and blue
i could use some tape
i could use some glue

I am better than that /2x
I am living my life so i go to heaven and never come back

I used to call my mom every Sunday
So she knew her love wasn't far away
But now i am all fucked up out in LA
Cause i care more about what other people say
I used to not take chances with God's name
But it's been so long since i last prayed
But now i am all fucked up and my heart's change
Cause i care more about what other people say
Cause i care more about what other people say

Though when i grew up
I would be the same as the ones who gave me my last name

I used to call my mom every Sunday
So she knew her love wasn't far away
But now i am all fucked up out in LA
Cause i care more about what other people say
I used to not take chances with God's name
But it's been so long since i last prayed
But now i am all fucked up and my heart's change
Cause i care more about what other people say
Cause i care more about what other people say
