i just wanna feel myslef  
you want me to kill myself  
man I been on my own  
Lord, I might need some help  
i just wanna feel myslef  
you want me to kill myself  
an, it's been so long  
dealing with the ehings I've felt

suicidal thoughts, call it Kurt Cobain  
suwu lather seats, like a bloody stain  
need hella bass, I need hella pain  
you gon' wanna cry, I'ma make it rain  
suicidal thoughts, call it Kurt Cobain  
suwu lather seats, like a bloody stain

I don't even know what to feel  
they don't even know what's real  
drop tears with a dollar bill  
I'm out tryna make a mill'  
why you wanna take my soul  
I'm yelling out, Hell no!  
I can't even trust my friends  
most of them might be foes

what these hoes when the say they wanna lie to me  
I don't know who's the one that one wanna plot on me  
I stay low so many demons don't acknowledge me  
when I go, I know - death don't do apologies

i just wanna feel myslef  
you want me to kill myself  
man I been on my own  
Lord, I might need some help

know when it rains, it pours  
they wanna go to war for things that they can't afford  
I gotta grab the sword preach  
I gotta thank the Lord, I gotta go record  
I wanna be fly to soar  
cause niggas be trying to floor me  
people be thinking that I won the lottery  
so paranoid, I don't know who be plotting on me  
I don't know what trapped the virtue  
I'm feeling like Raichu  
cause everything shocking to me  
gotta be aware of a wicked  
the time be ticking  
them niggas still clocking on me

lord is my witness, I handle my business  
you niggas ain't never ball blocking on me

i just wanna feel myself  
you want me to kill myself  
man I been on my own
