pray to god I don't get repoet
didn't go to collage for a free throw
(swish)

people getting killed through the peephole
hide your money up
before you go to war
put the mask on like
a luchador
my dawg didn't make it until 21
so I gotta make it passed 24

put a red beam to your head
like arbys
either go to school
go to jail or the army
keep a close eye on the things
trying to harm me
warn me if anybody try to swarm me
invers in the rock and a Rottweiler
pile up hella stacks when the bills pile up
