## Dermot Kennedy, Power Over Me

I wanna be king in your story I wanna know who you are I want your heart to be for me Oh I.

want you to sing to me softly cause then I;m outrunning the dark that' all that love ever taught me

call and I'll rush out all out of breath now

you've got the power over me my my everything I hold dear resides in those eyes you've got the power over me my my the only one I know the only one in my mind

remember the lake in the moonlight? remember you shivered and stone? I'll never forget what you looked like on that night

and I know that time's gonna take me I know that day's gonna come I just want the devil to hate me oh I

call and I'll rush out all out of breath now

you've got the power over me my my everything I hold dear resides in those eyes you've got the power over me my my the only one I know the only one in my mind

it was all in doubt they were all around

so we'll hide away and never tell you decide if darkness knows you well that lesson of love all that it was I need you to see

you've got the power over me my my everything I hold dear resides in those eyes you've got the power over me my my the only one I know the only one in my mind
