

# Diana Fox, Lucky Star

Diana Fox - Lucky Star

You are on my mind  
You are so far away from me  
Dark is the night  
Open your eyes and you will see

Love like the roads  
Like a candle in the wind  
Let ours grow  
Don't turn away

(Refrain)  
I be could a luck star  
Your everlasting love, Hey, Hey  
You be could my super star  
A couldn't get enough of your love

(Refrain)

Hey, Hey  
Hey, Hey

Don't turn away  
I know you can see my broken heart  
Why don't you stay  
We've got two hearts, so far apart

Every road  
Every road, it's got the gold  
And you need me most  
You turn away

(Refrain) (2x)

Hey, Hey

Like the rhythm  
It's to the ocean  
My love is flowing to your heart  
It will never start  
Is strong together  
For now and forever  
You could be my lucky star

(Refrain) (2x)

Hey, Hey
