

Diana Ross, Thank You

Every choice and step i make
Eveery word and reath i take
You're the reason my world keeps turning

Like the blood rinning through my veins
Sinshine wheen there's only rain
You're the reason my heart keeps learning

I will never let go of that feeling
Cause loving you
It makes me feel strong
And when i feel the pain
You're my healing
And i know beside you is where i belong

Loving feels like that
Feel like taht
I thank god that it is you
Who's loving me
Loving feels like that
Feel like taht
I thank god that it is you
Who's loving me
