[Intro]

¡Die Antwoord!  
¡Die Antwoord!  
¡Die Antwoord!  
¡Die Antwoord!  
¡Die Antwoord!  
¡Die Antwoord!  
¡Die Antwoord!

Die Antwoord is dead  
Die Antwoord is dead

[Verse 1: Ninja]

We all connected  
Level up, get on that next shit  
Decide what you want, then manifest it  
I seen the future and it's it  
(Die Antwoord is—)

Energy

We all made of energy  
You cannot destroy energy  
There are no such things as enemies  
Your enemies are you  
Fuck normality  
Normality is insanity  
They get mad at me  
'Cause I created my own reality  
Groupies lose their mind  
Celebrities wanna battle me  
I love all you muthafuckaz  
Yo, this crazy rap fantasy  
Took me all around the world  
And helped me care for my family  
'Cause I got that  
'Why join 'em if I can beat 'em' mentality  
I'd like to take this opportunity  
That fate has handed me  
To take the knee and to ask:  
Yo-Landi, will you marry me?

[Verse 2: Yo-Landi]

(Ja)

I'm a transformer  
Little caterpillar singing, 'Ai, Ai, Ai...'  
I'm a transformer  
Bust out of my cocoon, gimme room  
I am your butterfly  
Ek fokkie rondie  
Vuil geboosted wereld kampiden  
Die zef bokkie gaan voort  
Ken tsy my nomma? Eks nomma een  
Yo-Landi Visser van Die fokken Antwoord  
(Van Die fokken Antwoord)

[Verse 3: Yo-Landi]

We are not from this planet, nah  
We are just visiting it  
We don't just talk about it, bra  
The dream life, we living it  
I believe your dream will come true  
If you truly believe it  
Give it your best shot, I love you!  
Yo, music is a feeling  
If you feel it, you believe it  
Even though you can't see it  
If you feel it, you believe it

Even though you can't touch it  
Music is my love and my love is invincible  
Music is my life and my life is a miracle  
[Bridge: Yo-Landi]  
Now let the zef drop!  
Die Antwoord is dead  
Die Antwoord is dead  
(Yeah, let's fucking do it)  
Die Antwoord is—  
Fokkof!

[Outro: Yo-Landi]  
Be happy
