[Verse 1: Ninja]

Yo, I don't fuck up or suck up to anyone

I wake up when I want, make our props, get paid out my asshole

My DJ's the mothafuckin' business

Every time he hits me with a beat I'm like Jesus!

I don't need anyone to help me

Dropped my record label I'm still very fuckin' wealthy

Money's not a problem, cash flow healthy

Vodacom was too expensive so I switched to Cell C

I don't ask famous people for their picture

When you see me on the streets just, be cool with the Ninja

Don't lose your fuckin' mind just say "Hi, how you feelin'?"

I'll say fine

Now stop freaking out and tweaking and start eating up my time

I don't hand people my fucking demo

Plus I never used to

Just make a track and drop that shit on YouTube

Quit steppin' to me dwankin' out

Try to fucking suck up

Just let your shit speak for itself and shut the fuck up!
