Climb on the mic and take you away
The mind's tricky, there's a lot of games it can play
Tell me what's wrong, I'll make it OK
Life is a mind fuck, you can sing to the lord
But you just the result of everything you were taught
Very fancy when I do my thing to the drum
Ninja says "Everything you think you become"
Cool, I wanna be rich and invisible
Rap wys poetry, play overseas
Ninja only raps with really cool rappers
Now you see me, now you don't
See you soon [?]
