

Dimitri Vegas & Like Mike, Selfish (ft. Era Istrefi)

i don't mind you hanging with your friends
it's jest I like it more when the party ends
so we can turn the lights down, you and me now
with you every day is like a weekend
I know they wanna steal your heart away
so I just wanna keep you here with me
I am never gonna let go
wanan stay close
let me di it just like you want it

I want you all to myself /2x
your body is turning me reckless
baby, you're making me selfish
I want you all to myself /2x
your body is turning me reckless
baby, you're making me selfish

you make me /3x
selfish
you make me /3x
selfish

don't mind you making other plans
It's just I like it more when they don't happen
So we can order takeout, chill on my couch
Got me looking good in my sweatpants
did you know that posh up town events
pull a fake act is no offense
I just wanna wake up with my make-up

I want you all to myself /2x
your body is turning me reckless
baby, you're making me selfish
I want you all to myself /2x
your body is turning me reckless
baby, you're making me selfish

you make me /3x
selfish
you make me /3x
selfish

I don't mind you hanging with you friends
it's just I like more when the party ends /x
I want you all to myself /2x

I want you all to myself /2x
your body is turning me reckless
baby, you're making me selfish
I want you all to myself /2x
your body is turning me reckless
baby, you're making me selfish
