

# Disturbed, Meaning of life

RAWR

[Chorus:]

Get psycho, I wanna get psycho

Get psycho, I wanna wanna wanna, I wanna get psycho

Run you little bitch

I want your power glowing, juicy flowing, red hot, meaning of life

It's not enough to have a little taste

I want the whole damn thing now

Can you dig it?

Need to get psycho

wanna hear you say it

say, you want it, need it

Don't wanna wait until we finish the show

It's not enough, you hunger for more

You're one twisted little fuck

And now you wanna get psycho with me

[x4]

Give in, give in, decide, give in,

[Chorus]

Scratch my itch

Give me your power glowing, juicy flowing red hot, meaning of life

It's not enough to have a little piece

I want the whole damn thing now

Can you dig it?

Need to get psycho

Wanna hear you scream

Tell me to take you, scare you, fuck you

After we finish the show

It's not enough, you listening whore?

You're one twisted little fuck

And now you wanna get psycho with me

[x4]

Give in, give in, decide, give in,

I can feel the blood, flowing through my veins

Spilling on my soul

And now the hunger's getting bigger

Come a little closer now pretentious whore and pull my trigger

Free the violence that is building in me

I say now end of the ride, murder suicide

Is how I've been feelin' lately

Come a little closer my pretentious whore I'm living with a feeling that I can't ignore

Come a little closer my pretentious whore I'm living with a feeling that I can't ignore

Come a little closer my pretentious whore I'm living with a feeling that I can't ignore

And the need to get psycho is not a question to me

[6x]

Get, get, get, get, get psycho

I wanna get psycho

I wanna, wanna, wanna, wanna
