

DJ SNAKE, Talk (ft. George Maple)

Touch of your skin blurring my vision
Seeing the same film again
Closer you pull me
Under the table
Sign of how this might end

But if you don't want to hold me
Maybe I can change your mind
Coz I'm waiting, hesitating
And it's other ways to leave it
But I've only asked for you
As you move your body next to me
There's so much more to lose

When you talk, talk
All you wanna do is talk, talk
All I wanted was /3x
Your reckless heart
