

Doda, Bad Girls

Bad girls you make it feel fine
Bad girls, bad girls, bad girls
We make it get high
Bad girls, bad girls

I know my way of my babylon
All demons know, my booty show
Girl dress to kill I'm hell on heels
So come with me, we'll go oh
Sometimes I feel I'm close to explode
Sometimes I feel like never grow old
Sometimes I feel I have to go on
Bad girls you make it feel fine
Bad girls, bad girls, bad girls
We make it get high
Bad girls, bad girls
When sun is gone you'll never be true
When blood runs has to come never for rule
I bring the revolution
I'm rock'n'roll solution

I sap your bliss
Come suck my kiss
In the name of love
Come to me please
Beep beep big boy I'm hiren on
So come with me
We'll go oh
Sometimes I feel I'm close to explode
Sometimes I feel like never grow old
Sometimes I feel I have to go on

Bad girls you make it feel fine
Bad girls, bad girls, bad girls
We make it get high
Bad girls, bad girls
When sun is gone you'll never be true
When blood runs has to come never for rule
I bring the revolution
I'm rock'n'roll solution
Dirty sex, fire
It's getting higher
Dirty sex, fire
There's no way to hide it
If you're waiting
There no way to run out
if you shake it
Burning, burning, burning life
Burning, burning, burning life

Bad girls you make it feel fine
Bad girls, bad girls, bad girls
We make it get high
Bad girls, bad girls
When sun is gone you'll never be true
When blood runs has to come never for rule
I bring the revolution
I'm rock'n'roll solution
