

Doda, Do It Like I Want It

We've been up
We've been up all night
Don't it feel so right, oh
Go on 24/7
Love to do
Every move with you
Keep me close to you, oh Baby
Can't stop this feeling

Keep it up, keep it up, keep it up
I just wanna get you started
Gimme love, gimme love, gimme love
We won't stop until the sun's up

Do it like I want it
I will lead your body
Never had a woman like me
Oh, love come bring it now
Do it like I want it
I will lead your body
Never had a woman like me
Oh, love come bring it now

Nana nanana
Na na na
Na na na
Nana nanana
Oh, love come bring it now
Nana nanana
Na na na
Na na na
Nana nanana
Oh, love come bring it now

All that light
Coming from your eyes
Keep me satisfied
Oh, baby
Like I'm in heaven
Come with me
Give it all for me
Oh, I feel so free, oh
Just like I should be

Keep it up, keep it up, keep it up
I just wanna get you started
Gimme love, gimme love, gimme love
We won't stop until the sun's up

Do it like I want it
I will lead your body
Never had a woman like me
Oh, love come bring it now
Do it like I want it
I will lead your body
Never had a woman like me
Oh, love come bring it now

Nana nanana
Na na na
Na na na
Nana nanana
Oh, love come bring it now
Nana nanana

Na na na
Na na na
Nana nanana
Oh, love come bring it now
Nana nanana
Na na na
Na na na
Nana nanana
Oh, love come bring it now
Nana nanana
Na na na
Na na na
Nana nanana
Oh, love come bring it now
