

# Doda, Mama

I don't wanna be the one who brakes you  
I don't wanna let you down

If my love is not unconditional why  
Should you be here at all now

Rule number one is you need to feel wanted  
Unhappy people make unhappy lifes  
Rule number three: every heart is so different  
And I don't need you to feel life

Listen mama, mama I don't  
Wanna be mama, mama oh no  
I haven't found the one  
If I do then it's enough  
I keep looking, looking for love

I haven't found the one  
If I do then it's enough  
I keep looking, looking for love

I don't wanna change a thing but myself  
Thank you for the way I am  
You must say that I am lonely, lonely  
But when it's crowded I get..

Rule number one is you need to feel wanted  
Unhappy people make unhappy lifes  
Rule number three: every heart is so different  
And I don't need you to feel life

Listen mama, mama I don't  
Wanna be mama, mama oh no  
I haven't found the one  
If I do then it's enough  
I keep looking, looking for love

I haven't found the one  
If I do then it's enough  
I keep looking, looking for love
