

# Doda, No Rush with Jhn McFly

Keep me in the dark  
'Cause I know it from the past, nana  
You and I still on  
Like the shadows in my mind, nana  
We ain't got a chance to go  
They'll follow us

We ain't got a chance to know  
They'll know it all  
Running from the dust so low  
I'll go solo  
Why we need each other tho  
I'm strong alone

Love, don't need you  
Story of my life, life  
Drowning in my mind, mind, oh, no  
Love, need to move  
Leave me in the dust, dust  
There's no need to rush, rush, oh, no  
Love, don't need you  
Story of my life, life  
Drowning in my mind, mind, oh, no  
Love, need to move  
Leave me in the dust, dust  
There's no need to rush, rush, oh, no

Leave me in the dust, dust  
There's no need to rush, rush, oh, no

Skin on skin we move, yeah  
We bouncing' off the roof, nana  
You've become my prey  
You don't know it anyway, nana

We ain't got a chance to go  
They'll follow us  
We ain't got a chance to know  
They'll know it all  
Running from the dust so low  
I'll go solo  
Why we need each other tho  
I'm strong alone

Love, don't need you  
Story of my life, life  
Drowning in my mind, mind, oh, no  
Love, need to move  
Leave me in the dust, dust  
There's no need to rush, rush, oh, no  
Love, don't need you  
Story of my life, life  
Drowning in my mind, mind, oh, no  
Love, need to move  
Leave me in the dust, dust  
There's no need to rush, rush, oh, no

Leave me in the dust, dust  
There's no need to rush, rush, oh, no
