

# Doja Cat, Cyber Sex

[Chorus]

I wanna touch on you (On you)  
You see me in my room (My room)  
Wish you were here right now (Right now)  
All of the things I'd do  
I wanna get freaky on camera  
I love when we get freaky on camera

[Verse 1]

We freak on the cam  
Love at first sight, just a link to the 'Gram  
Pussy all pink with a tan  
And I play with it 'til my middle fingers are cramped up  
Swipe right 'cause he thick and he handsome  
Love a sneak peek, when you free? Can we cam up?  
No shot to the screen, put your hands up  
Make it pop in your face like a Samsung  
And that's my nigga, better yet, that's my hitta  
He don't leak nudes, and if you do you could go missin'  
Met him on Tinder, he just swipe left on bitches  
And he don't even scroll through Insta'  
'Less he going through my pictures

[Chorus]

I wanna touch on you (On you)  
You see me in my room (My room)  
Wish you were here right now (Right now)  
All of the things I'd do  
I wanna get freaky on camera  
I love when we get freaky on camera

[Post-Chorus]

Is you into that? (Into that, is you into that? Uh-uh)  
Let's break the internet (Internet, on the internet, oh-oh)  
We do it the best (It the best, doin' it the best, uh-uh)  
When we have cybersex (Cybersex, havin' cybersex, oh-oh)

[Verse 2]

When he off work, he calling me on Skype (Yeah)  
Trust me when I meet him, I'm fucking him on sight (Yeah)  
Lemme see you beat it, I'm feelin' just like Mike (Okay, okay)  
Huh, oh, surf that 'til I drown in all of your pics  
Can't scroll down 'cause some of them dicks (Ya)  
Think of my parents going through my shit (My shit, my shit)  
Huh, oh, can't give head, you give me the FaceTime  
Nigga, you a creep, I saw you on Dateline  
You ain't gettin' pussy, you fucking an AI  
Huh, oh, what a time to be alive  
Living in the future, blinging on my hotline

[Chorus]

I wanna touch on you (On you)  
You see me in my room (My room)  
Wish you were here right now (Right now)  
All of the things I'd do
