

Doja Cat, The Weeknd, You Right

I got a man, but I want you
I got a man, but I want you and
It's just nerves, It's just dude
Makin' me think 'bout someone new
You know I got so much to say
I try hide it in my face and it don't work
You see through
That I just wanna get with you
You right
You right, I
Got my guy
But i , i can't help i want you
Said you right i
Got my guy
But i , i can't help i want you

I can;t stop and look the other way
Cause i know what you could be babe
And you'd never feel the same
You;d be thinking about it every day
Don't believe in fairy tales
But we go tour fantasies
And it's me and you, no she
Tryna be all therough yo sheets
Have you all ontop of me
Actin' liek it;s not that deep
You could take it out on me
Tell me what it;s about to be
Really feel it's bound to be
I can't tell no one but they all know

I got a man, but I want you
I got a man, but I want you and
It's just nerves, It's just dude
Makin' me think 'bout someone new
You know I got so much to say
I try hide it in my face and it don't work
You see through
That I just wanna get with you
You right
You right, I
Got my guy
But i , i can't help i want you
Said you right i
Got my guy
But i , i can't help i want you

Girl i want you like you want me to
I feel tha Energy
Whne you're on top of me
I know your man
He ain't controlling you
But you still hesitate
Cause you choose layalty
I know your history
Met him before your peak
He's so connected to that woman
That you used to be
Bur this sex will cloud your memory
A couple strokes to put it then you'll belong to me

I got a man, but I want you
I got a man, but I want you and
It's just nerves, It's just dude

Makin' me think 'bout someone new
You know I got so much to say
I try hide it in my face and it don't work
You see through
That I just wanna get with you
You right
You right, I
Got my guy
But i , i can't help i want you
