## Donavon Frankenreiter, Beautiful Day

I don't want nothing But I just got something I can't get off my mind I can't get off my mind

What ever happened to those places And all those familiar faces that i once knew I once knew

Don't worry about tomorrow I just want to stay So we can make it through Another beautiful Another beautiful day You and me baby We're gonna make it through Another beautiful day Another beautiful day

You said, you said they'd last forever
But now they're covered up by the roads that
Join us together, join us together
I wonder how this all begun
I think to myself
When will this all be done
When will this all be done

But then you say Don't worry about tomorrow I just want you to stay So we can make it through Another beautiful Another beautiful day

Just you and me baby You know we're gonna make it through I said we're gonna make it through Another beautiful day Another beautiful day yeah Another beautiful day Just you and me
