

# Donavon Frankenreiter, Day Dreamer

I don't care what they see, don't really bother me  
I don't care what they say, there's got to be another way

I said dreamer on dreamer  
Dream on through the night  
Dream on dreamer  
Baby that's all right

If you want to dream, dream  
It's okay, you can dream all through the day  
I said dream, dream  
It's all right, you can dream all through the night

Keep on moving, if you got to go  
Just as long as you stay with the flow  
Be somewhere you want to be  
Keep on grooving because that's the key

I said dreamer on dreamer  
Dream on through the night  
Dream on dreamer  
Baby that's all right

If you want to dream, dream  
It's okay, you can dream all through the day  
I said dream, dream  
It's all right, you can dream all through the night

Dreams can't always be, just what they seem  
But you can dream, I said you can dream  
I hope I see you in my

Dream on, dreamer  
Dream on through the night  
Dream on, dreamer  
Baby that's all right  
Dream on, dreamer  
Dream on through the day  
Dream on, dreamer  
Baby that's okay, and that's okay
