""Verse 1:""

All I see is sun and sky  
Everytime I look into your eyes  
And here we go again my friend  
Staying together till the end...

""Chorus:""

It's gonna be a lovely day... ( x 4)

""Verse 2:""

Being out in the open air  
Living life like we just don't care  
Just doin' what we want to do  
Not doing what we're s'posed to...

(Repeat Chorus)

""Bridge:""

We'll just float  
On top of the  
Clouds that cover  
Our skies instead...

We'll just fly  
On top of the  
Stars that cover  
Our skies instead...

(Instrument Break)

(Repeat Chorus)
