

# Doro Pesch, Chained

Do unto others  
As you have them do to you  
It would make our life so easy  
Yeah there gold in that rule  
But money is a god  
For so many in this world  
Yeah, they wanna own the souls  
Of every man, woman, boy and girl  
It sad but true to see  
It is them against you and me  
But we are

[Chorus]  
Chained,  
Chained, chained for life  
Chained  
Chained ill we die  
And together we will fight  
For what we know is right  
Yeah we are  
Chained  
Chained, chained for life  
We are chained, chained, chained, chained  
We are chained, chained, chained, chained

Angels walk among us  
But there are devils out there too  
And they cast their evil on us  
Hoping we do what they want us to do  
Turning love into hatred  
Making dreams become untrue  
And the only thing that sacred  
Is the bond between me and you  
It sad but true to see  
It is them against you and me  
And we are

[Chorus]  
There evil all around us  
But I don't fear it  
It's time to raise our voices  
And let them bastards hear it  
Watch out

[Chorus]
