

# Drake, Where Were You (Ft. Dawn Richard)

[Drake:]

I have to watch the road  
I swear that every car that passes has you in it  
I can't believe we're finished  
My life is movin' fast  
The time will often pass  
And something will remind me  
I can't put this behind me  
I thought you would've called by now, by now  
You could've had my all by now, by now  
It's been too many years for you to disappear  
And have me asking the question

I wonder whatever became of you  
Although, It's not that I'm surprised, It's not I didn't try  
It's not that I was frightened, of you  
Although, I said all goodbyes  
And, you had all your cries  
I wonder whatever became of you  
I wonder whatever became of you  
I wonder whatever became of you

[Dawn Richard:]

I swear I heard you call  
But when I heard you'd gone  
I hate that I looked desperate  
You gone is like me naked  
I'm steering not to crash  
Trying to make it last  
Keep looking close behind me  
My eyesight on a memory  
I thought you would've called by now, by now  
You could have all my love right now, by now  
Gave into my fears  
While you just disappeared  
That's why I'm asking this question...

I wonder whatever became of you  
Although, It's not that I'm surprised, It's not I didn't try  
It's not that I was frightened, of you  
Although, I said all goodbyes  
And, you had all your cries  
I wonder whatever became of you  
I wonder whatever became of you  
I wonder whatever became of you

[Drake:]

I can't go to bed  
I'm thinking about my goals  
And how we used to say a goal is just a dream with a deadline  
Where did the other half of my heart go?  
Why am I in bed alone?  
How come when I drive by, it looks like you are never home?  
Do you even live there?  
Or did you take a U-Haul?  
Too far, move off and not even tell me that you're gone?  
We were on fire  
Somehow that fire cooled off, burnt out  
I kept straight, but I wonder how you turned out

I wonder whatever became of you  
Although, It's not that I'm surprised, It's not I didn't try  
It's not that I was frightened, of you  
Although, I said all goodbyes

And, you had all your cries  
I wonder whatever became of you  
I wonder whatever became of you  
I wonder whatever became of you
