

# Drakkar, Run with the Wolf

My body is broken  
My walking days are over  
Yet I have discovered  
There's more in me than meets the eye

My mind's eye is open  
Your form I can take over  
Skinchanger, shapeshifter  
I can be all I like

And I wanna be it

[4x]  
Run with the wolf

To become the wolf  
To become the eagle  
Helpless no more  
Nevermore alone

Leaving all behind  
All the pain and evil  
Never in chains  
Nevermore again

And I gonna be it

[4x]  
Run with the wolf

[Solo]

[6x]  
Run with the wolf
