

Dream Evil, Made Of Metal

Made of metal, made of metal, made of metal, made of metal

Can't bend what's made of metal
We're reinforced with steel
We never will surrender
We never kneel
It's true the sound of metal
Makes us invincible
No trends of fashions change
The way that I feel - Way that I feel

Made of metal, made of metal, made of metal
We are
Made of metal, made of metal, made of metal
We are - We all are

Sure there's been lots of poseurs
Who've tried to break the chain
The chain that makes us brothers
They've tried but in vain
This thing is my religion
My soul, my blood, my life
I am so fucking metal and so is my wife
I am his wife - shup up

Made of metal, made of metal, made of metal
We are
Made of metal, made of metal, made of metal
We are - We all are

Made of metal, made of metal, made of metal
We are
Made of metal, made of metal, made of metal
We are
Made of metal, made of metal, made of metal
We are
Made of metal, made of metal, made of metal
We are
