# Dua Lipa, New Love

# [Verse 1]

Now it's getting quiet here, now it's getting blue And this baby ain't no fair, taking up my youth You've been telling me some lies, I be thinking it's the truth But I see it in your eyes, the things that you do

#### [Refrain]

I don't wanna waste no time all alone Want somewhere to go, something to call my own And I ain't satisfied Where to go? Lost out on the road, washed up on the shore

#### [Chorus]

And I've been through mountains and seas Tryna get you to come back to me And I've been far, and I've been so deep Now I find it harder and harder to breathe And I need some new love New love, new love

### [Verse 2]

Even though I've run away, I still come back No there's nothing more to say, it's all been said I've been trying to explain the things we hide To all of my friends who say that I've gone mad

#### [Refrain]

I don't wanna waste no time all alone Want somewhere to go, something to call my own And I ain't satisfied Where to go? Lost out on the road, washed up on the shore

# [Chorus]

And I've been through mountains and seas Tryna get you to come back to me And I've been far, and I've been so deep Now I find it harder and harder to breathe And I need some new love New love, new love

# [Bridge]

Easy come, easy go
Why are we living on, living on?
If we're not getting old, getting old?
Can we just let it go?
Cause we're waiting for a miracle
Why wait for a miracle?

#### [Chorus]

And I've been through mountains and seas Tryna get you to come back to me And I've been far, and I've been so deep Now I find it harder and harder to breathe And I need some new love New love, new love
