

# Dua Lipa, Want To

[Verse 1]

Gimme release  
Keep the drugs  
Just gimme relief  
Keep the love  
Just gimme a piece of that  
One piece of that

Give it to me  
Don't judge  
Just give it to me  
No heart, no second degree tonight  
Run free tonight

[Chorus]

I won't stop  
Not now, guess what  
Hella, hella it's my body  
I'll go in light  
Hella, hella it's my body

I'll dance if I want to

Hella, hella it's my body  
Gonna dance if I want to, want to  
Hella, hella it's my body

[Verse 2]

Some people do, but some they just like to talk (Ok)  
Some shoot the breeze, but some they just leave a mark (Ok)  
Some need the light, and some people like the dark (Ok, yeah)

[Chorus]

I won't stop  
Not now, guess what  
Hella, hella it's my body  
I'll go in light  
Hella, hella it's my body

I'll dance if I want to

Hella, hella it's my body  
Gonna dance if I want to, want to  
Hella, hella it's my body

[Bridge]

Time for us, time for us  
When we wrap somebody, when we grab somebody  
Time for us, time for us  
When we wrap somebody, when we grab somebody

I'll dance if I want to

[Chorus]

Hella, hella it's my body (My body, my body, my body)  
Gonna dance if I want to, want to  
Hella, hella it's my body  
My body, my body, my body  
Hella, hella it's my body  
Gonna dance if I want to, want to  
Hella, hella it's my body
