

# Dub War, Mental

Killing dis and killing dat  
Whicha gun or with a knife  
Strangulation out your light  
Me no man no trouble  
Me no man a strife  
Live it good and live it right  
Crazy people in the community  
Murder in the backyard  
Mental it's really mental  
Too much murder in the backyard  
Cain slew abel the very first murder  
After dat it got worster and worster  
All the old boy a pop on a pop  
Lick lick lick lick lick shot  
In your front or in your back  
They don't care they ain't got no mercy  
Compassion blood thirsty  
Bomb construction  
Forest destruction  
Pollution  
Volcano eruption  
What's it gonna be like in 2033  
Will we see the extinction of every species  
Including you  
And including me
