

Duke Dumont, Ocean Drive

We're riding down the boulevard
We're riding into the dark night, night
With half the tank and empty heart
Pretending we're in love, when it's never enough
As the silence filled the lonely air
They can hear knock, knock, knock baby
We see a storm is closing in,
Pretending we're escaped

Don't say a word while we danced with the devil
You brought the fire to a world so cold
We're out of time on the highway to never
Hold on (hold on), hold on (hold on)
Don't say a word while we danced with the devil
You brought the fire to a world so cold
We're out of time on the highway to never
Hold on (hold on), hold on (hold on)

We're running all the red lights down
No way that we cans top, no no
A quarter tank is almost gone,
Pretending we're in love, when it's never enough
I wish we could take it back in time,
Before we crossed the line, no now, baby
We see a storm is closing in,
I reach out for your hand.

Don't say a word while we danced with the devil
You brought the fire to a world so cold
We're out of time on the highway to never
Hold on (hold on), hold on (hold on)
Don't say a word while we danced with the devil
You brought the fire to a world so cold
We're out of time on the highway to never
Hold on (hold on), hold on (hold on)

Hold on!

Don't say a word while we danced with the devil
You brought the fire to a world so cold
We're out of time on the highway to never
Hold on (hold on), hold on (hold on)
Don't say a word while we danced with the devil
You brought the fire to a world so cold
We're out of time on the highway to never
Hold on (hold on), hold on (hold on)
