

E-Type, Time

One more time i saddle up up and leavefor no mans land
Like so many times before
They say that lightning strikes not once but twice and I
Ain't gonna stay
Cause I can't take anymore
When memories make themselves heard
Go away - go away
You know that you gave me your word
Gonna go on my own
Time, time take me where
I'm no longer a stranger
I'll do anything
I know I'll find a way
Time, time take me there
And with the speed of lightning
I'll do anything
I know i'll find my way
Now I know, here's where the story ends and I have come
To the point of no return
And when I looking back at the times where it all began
I know
That I still have much to learn
When memories make themselves hard
Go away - go away
You know that you gave me your word
Gonna go on my own
Time, time take me where
I'm no longer a stranger
I'll do anything
I know i'll find a way
Time, time take me there
And with the speed of lightning
I'll do anything
I know i'll find my way
